

产品介绍 Introduction

HBQ-433_高精度拉线裁线机采用精巧的机构、灵活智能的控制系统，实现大平方电线的定长裁切，是一款适应电线长度、外径种类广，裁切效果整齐美观，裁切精度高，为客户提供更多性价比的电线裁切设备。

HBQ-433_ high-precision wire cutting machine adopts the smart mechanism, flexible and intelligent control system to exactly cut to length for large square wires.

It is a more cost-effective wire cutting equipment for different kinds of wire length&outside diameter, provides customers with neat and accurate cutting.

特性 Features

- 机身以有清洁感的工业灰为基调，整体结构简洁大方；
- With color of industrial gray, the machine outlook is simple and generous;
- 产品更换设备配件支持快换；
- quick change accessories
- 裁切长度调整方便；
- Easy to adjust the cutting length;
- 生产参数自主化设定适用多样化生产；
- Independent setting of production parameters suitable for diversified production;
- 友好的人机界面，更加直观的图形画面提高了可视性和操作性；
- Friendly HMI, more intuitive graphics for visibility and operability;
- 支持配方设定，快速切换产品型号。
- Articles can be set to quick change product types.

技术参数 Specifications

型号 Type	HBQ-433	电源 Power Supply	AC380V/50Hz
适用产品 Wire type	汽车电瓶线，新能源高压线 battery wire, new energy high voltage wire	功率 Power	3KW

电线参数 Outer Diameter	电线外径 ϕ 4-20mm	外形尺寸 Dimension	L7500mm×W850mm×H1900mm
裁切长度 Cutting Length	150-6000mm	重量 Weight	1500Kg
裁切精度 Cutting Accuracy	±1‰mm
